

Associate Agentic AI (d/f/m)

Agentic AI Integration

Period: Start as soon as possible, Availability for at least 6 months and 15-20 hours/week

Type: Paid working student position (registration in Germany, Austria, Belgium or the Netherlands required), the hourly salary is currently 14,50€

Location: Remote (but we have offices in Berlin and Brussels)

Application deadline: The deadline for applications is 18.11.2025. Please submit the following documents: a detailed CV, a letter of motivation and tell us your earliest possible start date. Please send the application to Marleen Kropat jobs@climcom.org and state the job title "Associate – Agentic AI" in the subject line.

Climate & Company is a mission-driven think tank: We take sustainability seriously and choose our projects to contribute to a better future for all people and the planet. For more information about our sustainable finance think tank, please visit our [Website](#) or [LinkedIn](#).

Project and context:

Climate & Company is a mission-driven think tank advancing sustainability in finance and policy. To strengthen our internal capabilities, we are integrating Agentic AI solutions into our workflows. This includes automating research and communication tasks, improving outreach operations, and helping our team harness new AI-powered tools responsibly for sustainable transformation.

Your Responsibilities:

- Develop and test AI agents that support our idea and concept development
- Build and utilize Agentic AI frameworks (e.g. LangChain, AutoGen, CrewAI)
- Automate internal routines, such as strategic screening
- Conduct knowledge transfer by helping the team understand and effectively use new tools
- Provide tool recommendations by analysing team needs and suggesting suitable software solutions.

Your Profile:

- Currently enrolled in a degree program in Computer Science, Data Science, Information Systems, or a related field.
- Initial experience with AI agents, LLMs, or automation tools.
- Interest in the sustainable transformation of our economy.
- Independent and structured working style.
- Strong communication skills, especially for knowledge sharing

What we offer:

- Flexible working hours: the possibility to adapt working hours to personal needs
- Remote work: work from anywhere with the option to use the offices in Berlin and Brussels
- Varied tasks: Varied activities in a dynamic and international environment
- Collaboration with experts in the field of sustainable finance and climate policy: the opportunity to learn from leading experts and gain valuable experience.

Thank you for your interest in Climate & Company! We look forward to receiving your application and to shaping a more sustainable future together. If you have any questions, please contact Marleen Kropat at jobs@climcom.org
